

GENDER PAY GAP REPORT 2019

Under the Equality Act 2010 (Specific Duties and Public Authorities) Regulations 2017, and as an employer with over 250 employees, Yorkshire Causeway Schools Trust is required to measure and report on the gender pay gap in the organisation. The Trust is a public sector body and has a data capture date of 31 March in each year.

The Trust comprises one secondary academy and seven primary academies at 31 March 2019.

Under the Regulations, there is a requirement to report on the following six measures

1. The mean gender pay gap, expressed as a percentage
2. The median gender pay gap, expressed as a percentage
3. The mean and median bonus gender pay gap
4. The proportion of males receiving a bonus payment
5. The proportion of females receiving a bonus payment
6. The proportion of males and females in each quartile band

The Trust has not paid any bonus payments over the period 1 April 2018 to 31 March 2019 and therefore there is no requirement to report on measures 3, 4 and 5 above.

In relation to the other calculations the data is based on 544 employees at the data capture date, made up of 96 male employees and 448 female employees.

The calculations are as follow:

Mean Gender Pay Gap

	No of employees	Mean Hourly Rate
Male	96	£20.27
Female	448	£14.35

This gives us a mean gender pay gap of **29%** (2018 24%).

Median Pay Gap

	Median Hourly Rate
Male	£22.01
Female	£10.22

This gives us a median gender pay gap of **54%** (2018 50%).

Proportion of Males and Females in Each Quartile Band

Quartile	Male no	Male %	Female no	Female %
Lower Quartile	10	7%	126	93%
Lower Middle Quartile	17	13%	119	88%
Upper Middle Quartile	23	17%	113	83%
Upper Quartile	46	34%	90	66%

In our quartiles we have a higher proportion of women in the lower, lower middle and upper middle quartiles. The overall pay gap is therefore due to a higher number of women in junior positions.

All staff move through pay scales for their grade based on performance, which is monitored regularly. Earnings are based on performance in role irrespective of gender.

Teaching staff total 232. Of these 74% are female and 26% male

Support Staff Median Pay Gap
